# Santa's challenge

*Calling all Santa's helpers!*

Fresh Start new beginnings are teaming up with Lighthouse Women's Aid to bring you our first Santa virtual challenge. We are asking you to help our virtual Father Christmas fly from the North Pole to Suffolk in time to deliver his presents for Christmas.

Team up and take on some of the **2600 miles** this December between Suffolk and the north pole, you will be able to watch in real time our virtual father Christmas make his trip from the North pole as people clock up the miles and fundraise for our vital charities.

**Lighthouse**

**Adult**

£5

**Child (Under 12's)**

£3

**Family**
