Chairman's Chat

Hello everyone. Well, we should've been at the NFWI Annual Meeting at the Royal Albert Hall today June 8th, no such luck, scuppered again by Covid restrictions. However, undeterred NFWI ran it online. I hope everyone who viewed it enjoyed the meeting. It started off so well but suddenly it totally froze on National Chair Lynn's speech. How many of you thought like me, you were the only one with the problem? Then I started getting phone calls & texts asking what had gone wrong. I found out later that Fastly, a global online content delivery network, whatever that is, reported an outage, affecting sites which use its platform. This included The Guardian, Financial Times, Independent, New York Times, The UK Government Website, parts of eBay and the NF Annual Meeting, you couldn't write it could you? Well I think it also got the better of my mobile phone. June Bryant sent me a text saying "Just as it was going so well" referring to the breakdown but it came up as being my brother in law Philip, I thought something awful had happened so I rang him asking what the problem was. Then Simone rang me asking about the problem. I found out what had happened and got back to her but somehow rang Leroy of The Flyrights who was thrilled I'd rung as he needed to talk about the

portrait he'd done for our raffle at our Annual Meeting but I was in a rush, I said, there's nothing wrong but can't talk, I'll ring you back. He must've thought I really was as potty as he'd always suspected. I spoke to Simone and rang him back explaining my predicament, now he knows I'm as potty as he'd suspected! At least Elizabeth, I can tell you that your prize is on its way to me and I'll let you know when I get it. Talk about living on the set of a *Carry On!*

I thought the speakers, The Countess of Wessex, Dame Cressida Dick and The Baroness Hale of Richmond were all excellent and National Chair Lyn spoke so well, she was obviously very emotional at the end with it being her last day in position, she has done so well under very trying circumstances this last year. Who will be our next National Chair....watch this space as they say.

Name: Maggie Glavin

Federation Role: Chairman of the Members Advisory Committee

What is the purpose of your role: I have the support of an amazing team of Advisers who share my vision to work together to continually improve & develop the experience of our existing members, whilst also reaching out to more women. My objective is for WIs to continually improve by sharing good practice but retain their uniqueness to achieve the best we can be.

Member of: Horringer & Ickworth WI

How long have you been a WI member: 13 years

Your favourite thing about being in the WI? It must be friendship, my reason for joining the WI on retirement. I also wanted to continue using the skills built up over many years & the WI gave me the opportunity to use that expertise & through training as an Adviser grew my knowledge in other areas. Still can't sew or paint though!

What's your background: I relocated to Suffolk in 1992, after living all my life "down south". My background is in Finance, dull I know, but often in demand when a treasurer is needed. Tom & I married in 2004 & between us have six children & 13 grand-children with a new baby due in July.

Favourite music: I love music, all music, & to the constant despair of Tom I'm a fan of Radio 2. It plays music I'm familiar with, transporting me back to different times in my life. I loved going to see live bands & many of them are now frequently played on Radio 2.

Hobbies & Interests: With my involvement in WI there isn't much time for hobbies, but I love to cook, my favourite way of spending time is with my husband & family, nothing gives me greater pleasure than cooking for them all, even if I'm left with the washing up.

The PA Committee held a well attended Stem Cell event via

Zoom on 28 May with guest speakers Hannah Thomas, DKMS Donor Recruitment Manager, and Eirwen Phillips, Secretary of Kedington WI, who bravely shared her family's recent experience of a stem cell donation. You can read a full report of the event on the SWFWI [website](#).

How you can get involved

NFWI has been working with Anthony Nolan and DKMS to create WI specific sign up links to the stem cell registry, which you can use yourself or share with those around you. These direct links will allow NFWI to keep track of the number of people that sign up as a potential donor as a result of NFWI's Make a Match campaign. Sign up today using either of the links below:

Lockdown Freedom

We're coming out of Lockdown,
We're as happy as can be!
No more Stay at Home rules,
We're going to be free!

No more outdoor meetings,
No more rule of six,
We can visit people's homes
And have family in the mix!

We can finally get a haircut
No more shaggy locks,
Time to cast off track suits
And air those Summer frocks!

We're counting down the hours
Till we get our second job,
We'll all be happy celebrating
Life will be just fab!

The shops will all be open,
So much money to spend,
What will we buy first?
That will all depend.

No more awkward Zoom meetings,

No more How do I unmute?
We can meet everyone in person
Won't that just be cute?

Start thinking about holidays,
Where would you like to go?
Staycations are all the rage
Flying is still a no go!

People keep on asking
What have you missed most?
Dinner parties, trips to the pub
Or visits to the coast?

My personal longing has been
None of the typical bugs.
Just seeing all my grandchildren
To give them enormous hugs!

Stanton WI Our first meeting of the year was a fabulous success in Lynda's lovely garden on 19th May - the only fine sunny day of a wet & windy

week. We each brought a plate of food and books, jigsaws & plants to swap. We talked, we

laughed and we all ate our fill. It was a happy occasion and it was so good to catch up 'in the flesh'!
